**Committee Reports**

**1. Jackrabbit – Celine**

**Action Item:** Celine confirm with Don about SDP packages and fees????

We've had some interest for new jackrabbits joining, my point of view is that all are welcome. I'm not sure what the best way to handle registration fees would be seeing how the Jackrabbit fee is very affordable even if they only make it to 9 or 10 sessions.  
Executive decided no discount for late registration.

Celine would like to host a "bring a friend" day for Jackrabbits, she was thinking February 5th. That would give the friends a little time to decide if they want to come to the Elementary races.

If Celine knows a few days prior to the 5<sup>th</sup>, she can bring out some school equipment to lend depending on the size of the friend.

Executive felt this was a great idea. Ski pass not required for "bring a friend" day.

**Action Item:** Celine check if the date will conflict with the need for skis for the "Winter Carnival".

## 2. Nordics / biathlon – Jim/Peter

Not a great deal to report, range is set up and operating, warming hut is much more inviting with new siding on it.

No one attended BC Cup 1-2 in Callaghan Valley as it was too close to Christmas.

The next race is at Vanderhoof on Jan 22 and 23 and we have close to full attendance of athletes and coaches. Snow conditions there are good as well. We will have a one day low key biathlon race on Feb 12 or 13 at Hallis for Northern zone athletes

The new Izmash Biathlon rifle arrived and has not been put into service yet, as it is a bit late in the season to start switching rifles.

The coaches issued an email to the parent group outlining the intentions of the current coaching staff as far as succession planning is concerned. Rob and Peter will stay for one more season after this at somewhat reduced level of participation. Jim will stay on for one additional season after that to ensure the transition is smooth. No feedback from the parents and athletes as yet. How the ownership of the non-club rifles and range use for training prior to setting up the main range still have to be worked out.

## 3. Membership – Don

Don has completed an updated CSTC Membership list. We have 395 members to date. Eight Xmas passes were purchased. Three adult memberships were purchased at our Open House/Pancake Breakfast. Consider for Club registration next year the listing of children less than 5 years of age, as we pay CCBC \$10.00 if they are on the membership list. This is a concern if they are not skiing. Look at the wording on the form for future years.

There is a need to list issues, regarding the registration process, and approach CCBC with our concerns. (For example, membership list (non-active) still includes individuals that have deceased. Waivers and multiple signatures required.)

**Action Item:** Celine review the Rabbit List as it has another new name on it. Does this list match with the faces that show up?

**Action Item:** Peter, please check this list with the Biathlon group to make sure they are the same.

Don has also attached the people who have joined the CSTC but have no email.

**Motion:** Peter moves that we refund the Jackrabbit program fees to the Isaak family. Club membership is not refundable. Paul seconded. Motion passed.

## 4. Equipment / lighted track – Brian

Pisten Bully:

The PB has been running well. The following problems have been rectified:

- heater circuit blockage
- slipping belts driving the cooling fan and alternator.

Twin Tracks:

The 3 Alpine 2 machines are all running well. There have been difficulties with the drive belts since the original equipment manufacturer no longer supplies the correct belts. We are now experimenting with various aftermarket ones to find the best replacement.

The Alpine 1 being kept at 10 Mile and is being maintained by the Fire Hall and is being used by club members for track setting of 10 Mile Lake Park. The machine is running well.

Equipment:

A utility sled was purchased from VANOC for use in hauling material around our venue when staging events. Initial use indicates that it will be valuable.

Our snow grooming implements, roller and packer bar are in good shape.

A new flat deck sled was built by Bruce Self and will be very useful.

Track Lighting:

In December a tree fell across the lines on the biathlon loop. Fortunately damage was limited and repairs were made by two linemen available during the holidays.

#### **5. Loppet – Elaine/Marie**

Brian needs to speak to Bruce Self and George Ryan about club snowmobiles

#### **6. Backcountry – Bruce**

Heather Peters, Beth Collingwood and Bruce visited the Curle Cabin on Dec 30. The 1300 road was plowed to the Porter creek rd e.g. within about 6.5 km of the cabin, but reportedly won't be plowed from now on.

Bruce will update this if he knows more. There was about 24" of snow in the cut blocks and we did ski a bit but it was quite cold. We also completed some very minor repairs and brought up some more crockery and utensils. The log indicates there has been a bit of use by the builders. Bruce doesn't know if any other ski club members have been there.

Bruce completed and delivered to the equipment shed a new sleigh just as the big fall of snow began. Bruce has the stakes for the stake pockets almost completed and will deliver them in a day or so. Users will need to configure any sides however they wish, e.g. plywood or whatever else.

The avalanche course on Jan 8-9 was oversubscribed at 17 participants (most of whom are club members) and was very successful with a crisp sunny field day in Jubilee bowl. We did discover an interesting layer or two with the new snow.

Bruce has solicited input for guided backcountry beginner tours and has received several good suggestions.

Bruce will begin to implement them in a week or two. He is still looking for others willing to volunteer to lead a trip.

**Action Item:** Greg notify membership that there is a high risk level for avalanches below and above the tree line in our area for Thursday, Friday and the weekend.

#### **7. Social – Bonnie & Holly**

The date of the next social event has been changed, from Friday, February 11 to Saturday, February 12.

Dougal Hines will provide musical entertainment. Bonnie will send details to Ron soon.

#### **8. 10 Mile Lake Committee –Peter/Paul**

There is two and a half hours of track skiing available at 10 Mile Lake Park and on the lake.

#### **9. Lodge – Sunshine**

Public Health would like the water tested monthly. The results from December were totally clean.

Elaine and Bonnie are going out Thursday, January 13, to take an inventory and check supplies.

A cleaner can be hired when appropriate.
